

# Watauga County Library

Group Assignment / Design Studio III / Fall 2023

Instructor: Dr. Qingqing Sun

The Watauga County Library is in need of renovations and this group project sets out to use the existing footprint of the original building, add an extension to the street facing side, and replace the roof to add another floor. Worked as a group with two other classmates and presented together in front of our class and representatives from the library. Rendered in Lumion.

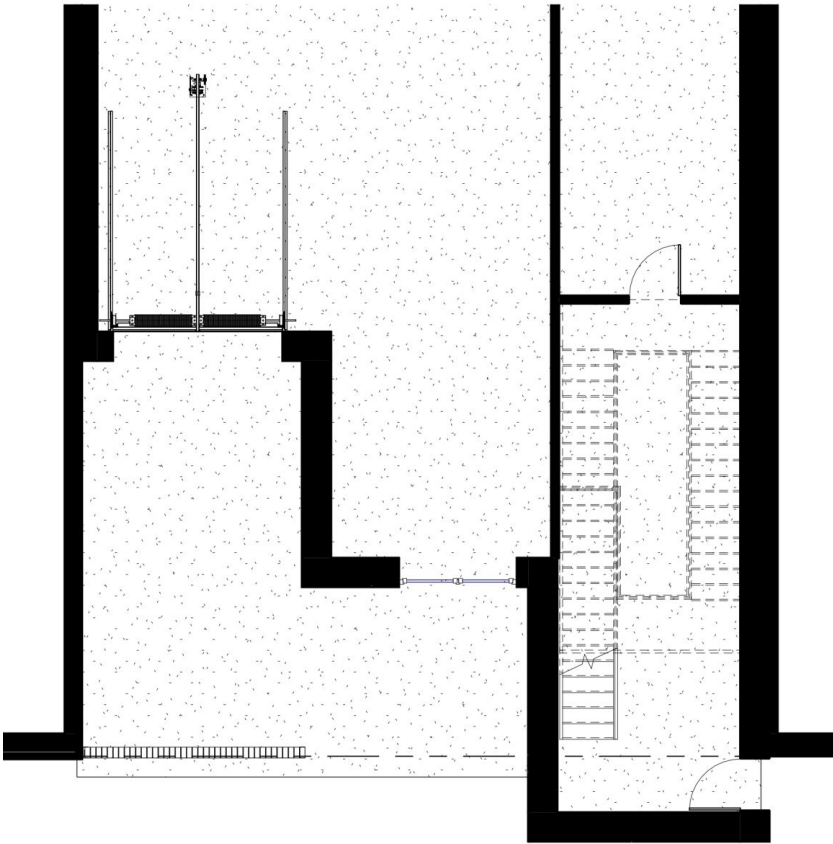

# Downtown Hickory Mixed-Use

Group Assignment / Design Studio III / Fall 2023  
Instructor: Dr. Qingqing Sun

In the same group of three as the previous project, we were to design a masonry building for downtown Hickory as part of a competition for The North Carolina Masonry Contractors Association. Renderings made using Enscape. Our group placed in third.
